## Sowing into God's Greatest Resource

In Luke 6:38 the Word tells us to give and it will be given unto us good measure pressed down, shaken together, and running over shall men give unto our bosom. Sometimes when we get involved into sowing, we find ourselves placing our seed into lands, buildings, and special projects. Even though these are used as tools and instruments to sow into people, we must watch to make sure that our investment goes into God's greatest resource...PEOPLE.

Many times when a church is started from ground up, it is about the people we minister to and touch, seeing their lives changed forever through the truth of God's word that sets free and the anointing that destroys every yoke. However, then we begin to use our resources towards facilities, projects that seemingly do not have the depth of results as when we started and when we focused on people. Many times when our giving and our sowing is more about the buildings and the projects we don't see the discipleship that we are called to in Matthew 28 where we are told to go into the entire world and teach all nations.

We lose the personal touch as we begin to think that the building will do it, the music will do it, the outreach program will do it; however, we must be more personal with people to see the fruit that we saw in the beginning. I know that the bigger a ministry grows the less time spiritual leaders have to be personal with the body. If we don't set up small groups where people can be involved and interact around the things of God, if we don't set up places of training where people become family and grow into maturity, we will fail to see the true resource that God has placed in our hands become what it is to become. That resource is people.

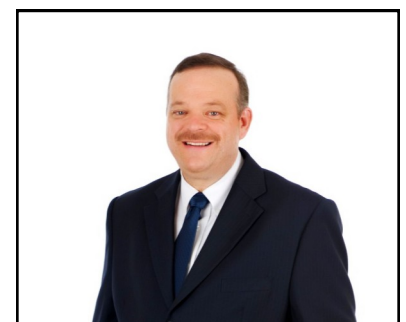

When we show people that we are interested in them, that we are invested in seeing them grow in the Lord with our time, with our prayers and with our resources, we will begin to reap the harvest that Jesus reaped where he started with the 12, and then the 70, and then the 500. It isn't rocket science that causes good fruit to come forth. It is not how beautiful a building is, it is our willingness to get personally involved with those that we see are hungry and thirsty for righteousness.

## Ministry News... Move of God in Erwin, Tennessee

---

MII's National Evangelist, Joshua Gladson, has found himself in the midst of a move of God in Erwin, Tennessee. He and Pastor Tim Casey have declared that this revival has taken off like no other. Going for two weeks already, they say by the looks of it there is no end in sight. They have now placed a tent outside so that they can continue to harvest and not be limited on space.

During the freedom of worship, people are being saved, healed, delivered, and filled with the Holy Spirit. Pastor Tim Casey of **Lighthouse Tabernacle in Erwin, Tennessee** invites you to come and see what God is doing. Evangelist Joshua Gladson, who is no stranger to revival and moves of God, sees this as one of the most powerful events he has ever preached.

Pray for this revival and if you can, get involved in this move of God. **Services begin at 7:00 p.m. each evening.** The church is located off of Exit 36, which is off of Interstate 26 that crosses Interstate 81.

## Ministry News... Move of God in Port Richie & New Port Richie, FL

---

I spent an exciting week in Port Richie and New Port Richie, Florida. To see the alliance of the ministers coming together to see God's kingdom established in their region was one of the most powerful experiences that I have had this year. As I preached in four different locations, Pastors and Ministers from various churches came together to be involved in what God was doing. There was not a call for them to support each other and yet they had a heart to support each other. They are now in the process of working together, establishing Ministry International Bible Institutes so they can bring their disciples up on the same page with the same understanding of the fullness of God.

They are ready to plant Home Churches, to help birth other churches, and to see the glory of God in their regions. I truly met a group of ministers that were united in such a way that it became a much larger picture than just their individual ministries. This encouraged me so much that it was not just words being preached, but it was something truly in the ministers' hearts. I cannot wait to see the fruit of the power of these ministers' hearts to this region.

Pastor Gene & Millie Cates

One of the strongest prophetic moves I have ever seen with God's decorations of victory took place. The first MII Bible Institute will be opening by September 15<sup>th</sup> under a man of God, Pastor Gene Cates. It did not take him long to take advantage of the resources that MII is offering to help equip the saints.

We want to thank the ministers in this region for encouraging us as we saw that God is really moving in this great nation.

## Ministry News...Great Women of Destiny

### The Heart of God for His Women

God is lifting up His women in these end times to reach the harvest in the Great Women of Destiny revival. This revival is not about building a ministry or exalting a person...**It is about God moving on His women in body, soul and spirit.** The heart of God for His women is to heal, deliver, and empower them to go forth and carry out great exploits. (Daniel 11:32b ...but they that **know their God** shall be strong, and do great exploits.)

Ladies, this is a raw, pure move of God and the freedom of worship is powerful! Many healings have taken place when women entered the room ~ even before being ministered over! The Presence is sweet, the worship is pure, and the anointing is awesome! We would love for you to join us so you can experience the Father's heart for you.

MII Prophetess, Dona Keener, has found a way to bring the women of our region to a new place in God by hosting **Great Women of Destiny**. The praise and worship have gone to a new level. Minister Dona, has been bringing prophetic sermons and words that bring true deliverance. The prophetic spoken into peoples' lives have been some of the most powerful and accurate words from God.

The women who are attending seem to be addicted to this move of God and it has been affecting their homes, their families, and their friends. The testimonies are continually coming in. Healings of cancer, tumors, and every type of miracle you can imagine. We at MII encourage the women of this region and even in other States to make it out to these meetings. You will not be disappointed.

## Tribute to Johnny Cook

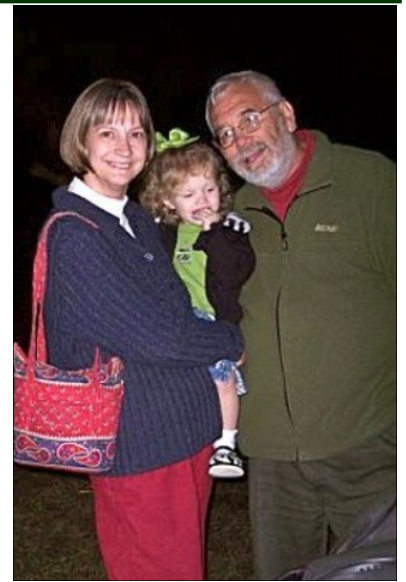

Last month a powerful Apostle of God went home to be with the Lord. His last ministry consisted of training for more than 10 years to learn Arabic so that he could bring the gospel to the Muslim world. He and his wife, Rosemary Cook, risked their lives by moving into the midst of the Muslim world where they made disciples and planted home churches. Johnny and his wife were very brave.

Rosemary is now in the process of teaching school here in the United States and seeing what God's plan for her future is. Please pray for Rosemary and her and Johnny's sons during this time.

Johnny was a man that had overcome fear in his life and was able to take on the task that many would have not wanted to do.

Johnny was a Green Beret with honors. He was a wrestling coach, not only in Alabama but in the Muslim world. He truly understood walking into a culture even as the Apostle Paul said, "While in Rome do as the Romans do." His life and his witness as a husband and a father will continue to be a powerful witness for years to come.

**We will miss you Johnny Cook, but we will see you in Glory!**
